Harvestnet Certifying Agency HNCA

1.    **INTRODUCTION**

Type Approval is a Product Certification Scheme granted to a <u>specific model</u> of communications product which has complied with the Technical Specification or Malaysian Standard or International Standard or foreign standard of a national standards organization or Technical Checklist or Technical Declaration (association or industry standards or acceptable customer specification). Type Approval is a <u>mandatory</u> requirement for all communications product under Communications and Multimedia Act (CMA) 1998, and Communications and Multimedia (Technical Standards) Regulation 2000. The Malaysian Communications and Multimedia Commission (MCMC) has appointed Harvestnet Sdn. Bhd. as a Certifying Agency (CA) for communications product. With this appointment, Harvestnet Sdn Bhd will carry out activities relating to Type Approval of communications and multimedia product.

The purpose of Type Approval is for :
a.       Interoperability and interconnectivity between any communications equipment.
b.       Non-interference, impairment, or malfunction of or harm to any communications product or any other product.
c.       Safety to public, any communications equipment or any other equipment.

The Certificate Holder is required to place label or certification mark on the product to denote compliance with the Technical Specification or Malaysian Standard or International Standard or foreign standard of a national standards organization or Technical Checklist or Technical Declaration. This label is a mandatory requirement under the same Act mentioned above.

2.    **SCOPE**

At Harvestnet Sdn Bhd we certify a wide range of wireless communications products. The certified communications products listed in this directory are limited to communications products certified by Harvestnet only. The listing in this directory is under the following fields:

a. Category
b. Brand
c. Model name/number
d. Certificate holder
e. Certificate number
f.  Certificate expiry date
g. MCMC Technical Codes
